

## **END-USER LICENSE AGREEMENT (EULA) FOR O&O BLUECON 7**

IMPORTANT – PLEASE READ CAREFULLY

This end user license agreement is a legally binding contract between yourself (as a natural or a legal person) and the company O&O Software GmbH (O&O) for the software product named above. By installing the software product, you declare your agreement with all conditions of the license agreement.

If you do not agree with the conditions of the license agreement, you are not entitled to use the software product. Should this be the case, you can return the software product along with a copy of the invoice or receipt to the distributor from whom the product was purchased in exchange for a full refund.

The software product is protected by copyright laws and international copyright contracts as well as other laws and agreements concerning intellectual property.

### **IMPORTANT NOTE**

The Microsoft® Windows® Preinstallation Environment 2.0 software included with this device or software may be used for boot, diagnostic, setup, restoration, installation, configuration, test or disaster recovery purposes only.

NOTE: THIS SOFTWARE CONTAINS A SECURITY FEATURE THAT WILL CAUSE END USER'S SYSTEM TO REBOOT WITHOUT PRIOR NOTIFICATION TO THE END USER AFTER 72 HOURS OF CONTINUOUS USE.

### **1. Subject of the contract**

The subject of this contract is the computer program, the description thereof and the user manual as well as any other accompanying written material. This will henceforth also be referred to as "software". O&O wishes to point out that, at the current state of technology, it is not possible to create software that works perfectly in all applications and combinations. The subject of this contract is therefore a software program that is fundamentally fit for the purposes detailed in the description and the user manual.

### **2. License granting**

For the duration of this contract, O&O grants you the simple, non-exclusive and personal right (henceforth referred to as "license") to use a copy of the software on a single computer. Repeated and deliberate installation, use, and subsequent uninstallation on various computers (floating license) is prohibited, unless otherwise explicitly authorized, unless otherwise explicitly authorized.

This software product may only be used in accordance with the guidelines set out for each license purchased. The following licenses exist for O&O BlueCon 7:

#### (a) O&O BlueCon 7 Admin Edition

You are authorized to install and use the software product on all

computers a) in the possession of the company (legal person or natural person(s) in the case of corporations) owning the license and b) all located at a single site. This license is bound to a single natural person and is non-transferable, unless the transfer is a long-term transfer as stipulated in section 3.

(b) O&O BlueCon 7 Tech Edition

You are authorized to install and use the software product on all computers. This includes computers that do not belong to the company owning the license (a.k.a. Service Technician's License). This license is bound to a single natural person and is non-transferable, unless the transfer is a long-term transfer as stipulated in section 3.

### **3. Description of further rights and limits**

The license-holder is prohibited from:

- a) altering, translating, reverse-developing, decompiling or disassembling the software without the advance written permission of O&O
- b) creating products derived from the software or making copies of the written material, translating or altering the written material or creating products derived from the written material
- c) distributing copies of the software to third parties
- d) changing or removing the copyright mark on the copies of the software
- e) renting out, leasing out or lending of the software

The license holder is permitted to transfer all rights from this license agreement permanently to another person, provided that the recipient also agrees to all conditions of this license.

The license holder must use the software only in compliance with all relevant laws and international treaties.

### **4. Ownership of rights**

Any ownership rights applying to the software, including but not limited to copyright laws, belong to O&O as well as to the Rights Owners of products included and/or integrated in the software. All rights not otherwise stated belong to O&O as well as the rights of the owners of products included and/or integrated in the software.

The purchase of a license for a product simply grants a right to use the software as described in the conditions of the license agreement. This does not imply a right to the software itself. In particular, O&O reserves all publication, multiplication, processing and utilization rights to the software.

### **5. Reproduction**

The software and accompanying written material are protected by copyright laws. The user has the right to create copies of the software

for back-up and archiving purposes. He or she is thereby also obliged to reproduce O&O's copyright mark on the physical medium or in the program. A copyright mark present in the software may not be removed. Copying or reproducing the software in original or altered form, or merged with or included in other software, is explicitly forbidden.

## **6. Length of the agreement**

This agreement is valid indefinitely. The right of a license-holder to use this software is removed automatically and without notice if he or she violates one of the terms of this agreement. At the end of the period of right to use, the license-holder is obliged to destroy the software, all copies of the software, and the written material.

## **7. Compensation for breach of contract**

O&O would like to point out that you are responsible for any damages arising from breach of copyright if you violate these contract terms.

## **8. Changes and Updates**

O&O is entitled to update the software as it wishes. O&O is not obliged to make updated versions available to license holders who have not registered their product with O&O, or who have not paid the update fee. Any additional software code that is made available to you as an update is considered a part of the software and is therefore subject to the terms of this agreement.

## **9. O&O's Guarantees and Responsibility**

a) O&O guarantees the original license-holder that the data medium carrying the software is free of errors at the point of delivery, assuming normal operating conditions and a normal level of maintenance.

b) If the delivered data carrier is faulty, the purchaser can demand a replacement during the 24-month warranty period. For this, he or she must return the data carrier, any back-up copies and the written material along with a copy of the invoice or receipt to O&O or to the dealer where the product was purchased.

c) If a fault as described in clause 9 b is not corrected by means of a replacement delivery within a reasonable time period, the purchaser can demand either that the sale price be reduced or that the contract be cancelled.

d) For these reasons and for those mentioned in clause 1 of this contract, O&O accepts no responsibility for mistakes in the software. In particular, O&O does not guarantee that the software will meet the particular requirements and demands of the purchaser or that it will function together with other software he or she has chosen. The purchaser is responsible for the correct choice of software and the consequences of the use of that software, as well as the results aimed at or intended.

The same principle applies to the written material that accompanies the software. If the software is fundamentally unfit for use as described in clause 1, the customer has the right to cancel the contract.

O&O has the same right should the creation of software that is fundamentally fit for use as described in clause 1 not be practically

possible.

e) O&O is not responsible for any damages, unless such damages are caused deliberately or arise from gross negligence on the part of O&O. In contracts with traders, an assumption of responsibility for gross negligence is excluded. This does not apply to assurances by O&O that refer to specific characteristics. Responsibility for damages not included in such an assurance will not be accepted.

## **10. Competency**

The Laws of the Federal Republic of Germany apply to this contract. Court of Jurisdiction is Berlin.
